

STANLEY REPLACEMENT BLADE

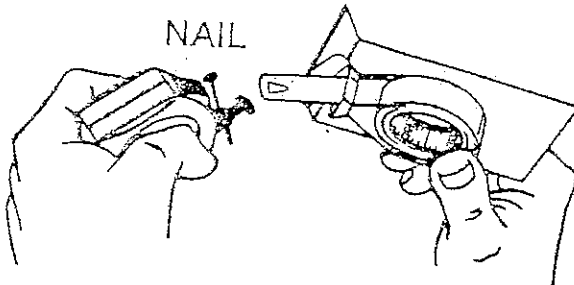

3/4" x 16'

HOW TO INSTALL NEW BLADE:

CAUTION: For your safety do not remove blister from card. The edges of blade and spring can be sharp.

1. Pull blade completely from case until hole in winding spring is exposed. Place nail in spring-hole to prevent spring from snapping back into case.
2. Remove old blade.

3. Refill rule case directly from package, cut blister, bend card back at dotted line, attach exposed blade to spring.
4. Insert spring up through replacement blade as illustrated.
5. Remove nail and return blade to case.
